Product information - IRIS school furniture

School storages

School cabinets are available in white, grey, birch or beech laminate, different high-pressure laminate colors for fronts are optional. By default, cabinets are manufactured without locks, but they can be equipped with cylinder locks or espagnolette. Sockets are with adjustable screws. Doors have a wide opening angle of 270 degrees.

Cleaning and maintenance

General
Svenheim uses materials and surfaces that are resistant. No special maintenance beyond normal cleaning is required. Recommended cleaning method is cloth soaked in slightly warm water with a mild synthetic detergent.
Avoid green soap or substances containing ammonia. Do not use solvents or cleaning detergents with abrasive / scouring powder.

Powder coated steel components
For metal parts if used. Clean as under «general» suggestions. Difficult stains are removed with chemical gasoline.
Do not use solvents or cleaners with abrasive / scouring powder.

Recycling
Sorting is a natural part of Svenheim's production and material handling. Steel components included in our products are 100% recyclable. Plates from Svenheim can be recycled as heat at approved heating systems. Plastic and metal is delivered to approved environmental stations. Svenheim is a member of the return schemes Green Dot Norway for packaging and Eurovironment (Electrical return) for electrical components.
