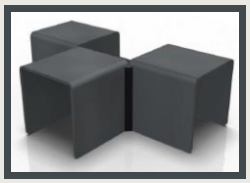
Product information - VESTA acoustic table and floor screens

Fully upholstered floor / table screen in a big variety of standard textiles. Other textiles available on special request. Detachable cover with zipper. The screens are made with a 30mm solid wood frame filled with acoustic filling of 1000g / m2. The floor screens are mounted with feet and can be connected with their own custom fittings. Four different 40mm fittings are supplied for connecting floor / table screens. A range of functional accessories will help to make the workplace even more comfortable.

Screen connectors



T-connector

Connects 3 floor screens with 90 degrees

X-connector

Cleaning and maintenance

General
Svenheim uses materials and surfaces that are resistant. No special maintenance beyond normal is required cleaning. Recommended cleaning method is cloth soaked in slightly warm water with a mild synthetic detergent. Avoid green soap or substances containing ammonia. Do not use solvents or cleaning detergents with abrasive / scouring powder.

Powder coated steel components
Used for table base. Clean as under «general» suggestions. Difficult stains are removed with chemical gasoline. Do not use solvents or cleaners with abrasive / scouring powder. Installation instructions for base are enclosed.

Recycling
Sorting is a natural part of Svenheim's production and material handling. Steel components included in our products are 100% recyclable. Plates from Svenheim can be recycled as heat at approved heating systems. Plastic and metal is delivered to approved environmental stations. Svenheim is a member of the return schemes Green Dot Norway for packaging and Eurovironment (Electrical return) for electrical components.
